

MYST RISE AND RECLINE ARMCHAIR

- Fabric - 821160.TISSU
- Leather - 821160.CUIR

- **2-motor armchair**
- **Elegant design and space-saving**
- **330° swivel structure**
- **Headrest adjustable forwards/backwards**
- **Integrated side control**

Our MYST rise and recline armchair will fit perfectly into any interior with its stylish design and premium features. It is equipped with two motors : one motor for the lift and recline functions, and a second motor for adjusting the backrest.

The chair can swivel 330° when in the sitting or reclining position, but locks upright when it starts to rise. Lift function with gradual leg rest extension, reclining function with different angles. Manual headrest adjustment. Practical integrated side control with USB socket.

Its enveloping shape guarantees excellent back support and exceptional comfort.

Round chrome base.

Battery option : the chair is supplied with a mains plug, however it is compatible with the battery option available separately. This battery allows it to be used independently, simply by fixing the battery to the back of the chair.

2 upholstery options:

- High-quality, abrasion-resistant grey fabric.
- Leather + TPU in macchiato colour (the leather is positioned on all contact surfaces : backrest, seat and armrests).

Overall dimensions : width 80 x depth 89 x height 113 cm.

Seat dimensions : width 51 x depth 51 x height 51 cm

Seat foam density : 35

Backrest and armrest foam density : 30
