

Rechargeable shower brush

- 812026

• **5 different interchangeable brushes**

Used without the handle, it is ideal for individuals to clean their face, upper body or feet while sitting down. When attached to the 40 cm long handle, it allows individuals to reach areas of the body that are more difficult to access, such as the back or the back of the legs. Once attached to the head, these 5 different brushes rotate at 360°. Choose from 3 speed settings at the touch of a button on the head. Rechargeable with a battery lifespan of approximately 3 hours.

Waterproof device, it is IP67 rated and can therefore be used safely in the shower.

Use: Once the brush is clipped onto the removable electric head, wet the skin and apply shower gel or cleansing lotion to the brush head. Press and hold the On/Off button to start the shower brush. For greater comfort and safety, never press the brush too close to the skin. Finally, turn off the brush and rinse it with clean water, then spin it dry or leave it to air dry.
