

Wood Touch lamp

- Atmospheric or reading lamp
- 3 levels of light intensity

This slim wood-effect lamp fits into any interior and provides better reading conditions. As it is battery-operated (or can also be used with a USB cable), it can be moved to any table in the home. With a simple touch of the finger, choose between three light settings (up to 100 lumens).

Plastic material.

Dimensions when folded: $7.8 \times 7.8 \times 24.8 \text{ cm}$. Comes with USB cable (charger not included). Also works with 2 AA batteries (not included).
