

Stainless steel bowl with suction cup base

- Stainless steel, the alternative to plastic
- Durable, hygienic, inert and recyclable
 Optional lid available

Stainless steel is a resistant, hygienic, inert and fully recyclable material. It can be used as a substitute for plastic. Regulatory measures will soon prohibit the use of plastic containers in catering establishments. Certain establishments will already be affected by this measure on 1 January 2025. Our range meets all the needs of catering establishments and home meal delivery services. Brushed finish on the outside, glossy finish on the inside. Equipped with a silicone suction cup for easy attachment to the table.

Red suction cup.

Diameter: 11.5 cm. Height: 7.3 cm. Weight: 196 g. Capacity: 30 cl. Dishwasher safe.

Not suitable for microwave use.
