Cup with 2 handles and stainless steel spout

- 813275

- **Stainless steel, a great alternative to plastic**
- **Durable, hygienic, inert and can be recycled**
- **Perfect for hot drinks**
- **Easy to hold with two large handles**

Stainless steel, durable, hygienic, inert and fully recyclable, is an excellent substitute for plastic. Regulatory changes coming into effect will soon ban the use of plastic containers in catering, with certain carehomes already requiring full compliance as of 1 January 2025. This range offers a complete solution for all needs in carehomes and home meal delivery services.
Double insulated walls with white finish.
Airtight lid with high spout and 2 handles.
Capacity : 30 cl.
Diameter : 8.5 cm.
Height : 15 cm.
Weight : 212 g.
