

Maternity micro-bead wedge cushion

- 855004

- **Relaxing positioning cushion with micro-bead filling**
- **Can be used in lying or sitting position**

Maternity micro bead wedge cushion for a relaxing sitting or lying position. Filled with microbeads of uniform density, it helps you to correctly position your patients, children or adults, in their pram or in their bed. The bolster conforms to the shape of your patient's body. Supplied with a lavender-blue cover washable at 40°.

Made 100% in France.

Unfolded length: 130 cm. Length in position: 80 x width 50 cm.
