

## Visco-elastic back support

- 855038

- 2 different reclining positions by reversing it
- Exceptional comfort even when used for long periods
- Removable and washable cover
- Viscoelastic foam

The ultra-comfortable backrest is made of hard-wearing polyurethane foam and viscoelastic memory foam that moulds to the shape of the user's body without causing pressure or overheating.

The backrest can be reversed for a more upright or reclined position. The headrest is height-adjustable and can be positioned according to the user's preference.

100% Made in France.

Removable, washable ivory-coloured cover.

Dimensions : width 51 x height 58 x max. depth 46 cm.
