Ergo reacher gripping clamp

- 67 cm - 817067

- 76 cm - 817068

- **Allows users to grab objects that are too high or have fallen on the floor**
- **Wide-opening non-slip clamp with magnetic tip**

The Ergo Reacher clamp is a lightweight and indispensable tool for grabing books and magazines, boxes stored too high or small metal objects that have fallen on the floor. This clamp is equipped with a wide-opening non-slip clamp and a magnet at the end. It is easy and painless to use as the handle is operated with the entire hand. The clamp can be positioned horizontally or vertically, depending on the objects to be gripped.
