

Cloo standard extension

- With armrests - 811012

- Standard - 811014

- **Variable height and optimum safety**
- **Available with folding armrests**

The Cloo toilet seat is a solution for the elderly to sit down and get up effortlessly from the toilet. It consists of a seat extension and two side armrests. When sitting on a high seat, it is easier to get up, the armrests provide a secure and stable support for sitting and standing.

It can be fixed directly to the existing toilet bowl and guarantees an optimal fit of the seat. The height of the seat is adjustable: you can vary the height by +6, +10 or +14 cm in relation to your toilet. Very easy to clean thanks to its flat surfaces and detachable seat.

Model with or without folding armrests.
Width between armrests 49 cm.

Maximum weight 130 kg.

Variantes :

- With armrests
- Standard
