

Support stocking puller

- 817010

- **Easy to put on**
- **French manufacture**

Put on your support stockings effortlessly. Simply position the stocking on the frame, lower the yellow part one or more times in order to spread the stocking according to the size and effortlessly put the stocking on your patients. The puller disengages by itself once it has been put on. Supplied with 2 handles for personal use.

For class 4 support stockings.
